The suits are really as fresh as when they came into the store late this spring, but varieties are broken among them and we can't pay much attention to real value when conditions get that way.

Suits for the most part are natty Eton styles, made with full plaited skirts, jackets silk or satin lined and trimmed with telling touches of silk braid and ornamental buttons.

They are of wonderfully good materials in novelty suitings—checks, stripes, plaids, mixtures, with a generous sprinkling of plain blacks.

\$12.50 is ridiculously little for such values.

Abstract

MONDAY, APRIL
DEATH TRAPS

Barley, Bread and Beer

These three words are derived from same Anglo Saxon root—*brewan*.

All three are foods. Barley, a grain that makes both bread and beer. Bread, a solid food. Beer, a liquid food.

In making bread, flour and yeast are used; in making beer, barley-malt and yeast are used. The same principle is each—both are wholesome foods.

In Patent Blue Ribbon Beer the Patent Eight-
 Haling Process matures the malt slowly and uniformly transforming every particle of nutriment in the barley into perfect food substances.

To these are added the invigorating properties of the choicest hops, by the Pabst brewing process, which insures absolute purity.

Your system requires a liquid. We do not use one that is both food and drink.

Pabst Blue Ribbon

The Beer of Quality

The special value of Pabst Blue Ribbon at meals is that it encourages the fluids of the stomach to react—thus aiding you to get the full nourishment from your food.

You can prove the value of Pabst Blue Ribbon as a food, by ordering a case today for home use.

Made by Pabst at Milwaukee.

**Council to Be Asked to

Car patrons of Los Angeles
ask the City Council to
pass an ordinance requiring the place-
ment of block signal systems on all
crossings where they cross the steam
tracks. The claim is made that this
could be installed more ex-

the intersection of Macy and California
streets every three minutes. From
each way on the Brooklyn-avenue line
there is a stop grade leading to the
short line crossing. From three sides
the view is cut off. It is just the situa-
tion for a serious wreck. With all
the traffic on these lines there is not
even the provision made that cars
shall be stopped over this crossing.

Abside from the constant danger,
the question of saving time is an im-
portant one to passengers, and ought
to appeal to the street car companies.
Were the stops at crossings eliminated
by the use of the block signal sys-
tem, from four to five minutes could
be saved in the running time.

Those who will urge the City Council
to adopt the block system ordinance
claim that this would do away with
the block and rings the signal bell in
advance, which are both expensive and
unsightly. With the block signal sys-
tem, they claim, only one switch is
turned on at a time, so that it is prac-
tically impossible for an accident to
occur at a crossing. The right of way
is decided by the time a car strikes
the signal bell, and the car is stopped
lower for the lower man to give it
right of way and a clear track. This
would do away with the hazard of the
conductor who "guesses" he has time

**Illinois Republicans Solid for
Speaker Cannon.**

**Gov. Deneen's Presidential
Chances Diminishing.**

**Court Decision on Fees May
Be Factor in Game.**

BY J. MCAN DAVIS.

(SPECIAL CORRESPONDENT OF THE TIMES.)

SPRINGFIELD (Ill.) April 23.—In-
terest in political happenings in Illi-
nois during the next year or two is
likely to extend far beyond the State's

he quite different six months hence.
But nothing is likely to happen that
will make Deneen a Presidential candi-
date.

HIS AGE MAY BE A FACTOR.

Mr. Cannon will be 71 years of age
when the national convention meets
next year, but, if his present vigor
remains unabated, that fact will not
weigh against him. He is, how-
ever, the infirmities of age should ap-
pear unexpectedly, the Cannon boom
may collapse. Then there will be a
free-for-all combat between Mr. For-
aker, Fairbanks and whoever else may
be in the running. Vice-President Fair-
banks, who lives in Indianapolis, Ind.,
is not many miles from Danville, Ill.,
"Uncle Joe" Cannon's town. It is con-
sidered a possibility that he will be the
choice of Illinois. He owns a large
farm in the eastern part of this State,
and when not in Washington, spends
almost as much time in Illinois as he
does in Indiana.

It should not be inferred from what
has just been said, that Gov. Deneen
has reached that point where he may
be voted absolutely a "dead one" in
Illinois politics. The truth simply is
that he is far less a political power
than he was a year ago. At that time
only a year of his administration had
passed. Unlike other Governors, he
had held back practically all of his
appointments, and in that way he had
avoided the wrath of the disgruntled
and the disappointed—of those put out
of office and the calling to get in for
all both the "ins" and the "outs."
There is a state of expectancy. That
placed the Governor in a strong posi-
tion, and he was able to retain tempo-
rarily control of the party organiza-
tion in Chicago and to make a good
make-up of the State ticket in August.

DENEEN HAS HIS ENEMY.

But within a few months a distinct
change has come in the situation. The
greatest change was wrought by the
Chicago city election, which occurred
April 2. Fred A. Busse, former State
Senator and former State Treasurer,
and long a recognized power in Illi-
nois politics, had been an ally of
Deneen, but something of an estrange-
ment had taken place, and the Gov-
ernor attempted to prevent Busse's
nomination for Mayor. The election of
Busse as Mayor made him at once the
dominant factor in Chicago politics,
and to a certain extent in State polit-
ics—at all events, for the time being.
There is good authority for the state-
ment that prior to the election it was
well understood that Busse, if elected,
would eventually lead a movement to
depose Deneen as a party leader. Most
politicians expect that to happen, and
though it may be some months before
there is an open declaration of war.

The first serious break between De-
neen and Busse came a little less than
a year ago, when the Governor caused
one of the former Treasurer and State
Treasurers and State Auditors to re-
cover fees alleged to have been ille-
gally retained during the past thirty-
five years—a suit, by the way, that has
just been decided by the Supreme
Court and that has been expected to
have a far-reaching political effect. The
fees were those provided by the "regis-
tered bond" law, which thirty years
ago the then Attorney-General held
that these officials were entitled to
receive. But he ever questioned the
right until a year ago, when a dis-
charged employee of the State Auditor's
office called on the Governor and di-
rected attention to the practice. Gov.
Deneen referred the matter to Atty-
Gen. Stead, who brought suit against
one of the former Treasurers and one
of his bondsmen to test the question.

EQUAL TO OCCASION.

It was the general belief at the time
that the action was aimed chiefly at
Mr. Busse, whose growing power De-
neen wished to curb. But Busse was
equal to the occasion. The next mail
brought to Springfield his check for the
sum (exceeding \$200,000) covering the
claim against him, with interest. This
went into the State Treasury. The
other officials involved awaited the re-
sult of the test case.

It was something more than a co-
incidence that soon after the filing of
the suit against the defendant, the
treasurers a suit was brought in Illi-
nois to determine the right of the
State's officers and Cook county to
certain fees which it had been the
practice for that official to retain as
his own. The suit was brought by
himself, and he admitted pocketed
fees amounting to \$250,000, and he was
sued by the State. The suit was
another way of testing the law, and
commonly suspected that this suit had
been inspired by Busse, and the im-
pression was created that the Gov-
ernor would go against the Governor. But
a short time ago the Supreme Court
decided in favor of the State's officers,
and "contemporaneous construction"
of the law is the prevailing practice—en-
titled to the law.

ORPHANS MAY SUFFER.

The former auditors and treasurers
and their bondsmen were jubilant, for
they took it for granted that the doc-
trine of "contemporaneous construc-
tion" would be applied to their case.
But a shock came to them the other
day when the Supreme Court decided
against them. The court was able to
find a technical difference between the
cases, though laymen can see no
equitable difference, and a loud
protest has gone up. The fees col-
lected in thirty-five years aggregate
over \$250,000. But probably less than
half of it can be collected, and that
will bring financial ruin to several
men, if the Governor now endeavors
to make collection. The chief sufferer
will be the bondsmen, who never
expected to be the losers. If re-
covered, must be taken from the pockets
of widows and orphans.

A particularly pathetic case is that
of Dr. William Jayne, the only sur-
viving bondsman of Auditor Charles
Lippincott, who died of cancer about
thirty years ago. Dr. Jayne is now
80 years of age. During the Civil War
he was a State Senator and one of the
leading citizens of the State. He was
the intimate friend of Abraham Lin-
coln, who made him Governor of the
Territory of Dakota. Under the de-
cision of the Supreme Court, he can
be made to pay the full amount of
the claim against Lippincott, amount-
ing to about \$25,000. This will wipe
out his little estate, which he had ex-
pected to bequeath to three fatherless
and motherless grandchildren. There
are several other instances of this kind.

MUCH FEELING IN STATE.

Considerable feeling has been aroused
all over the State as to the propriety
of what disaster this court deci-
sion will bring to innocent men and
women. Governor Deneen is certain to
suffer in a political way, though of
course he never intended that his suit
should have such a far-reaching ef-
fect.

Many other things have happened to
widen the breach between Deneen and
Busse. While a treaty of peace is al-
ways possible in cold-blooded Chicago
politics, it is not generally expected
that the Governor and the Mayor will
be on friendly terms during the next
year or two.

The final Francis Murphy meeting in
Blanchard Hall, last night, was a won-
derful ovation in the famous old tem-
perance hall. A half-hour before
the meeting began people were leav-
ing the hall in a steady stream, un-
able to reach the door. Every inch of
space was filled, hundreds of people
standing throughout the evening.

The platform was handsomely de-
corated in red and white, and on
the desk was a bouquet of brilliant
red poppies, making a strikingly
beautiful contrast with the yellow of
the mustards.

W. C. Patterson presided at the
meeting, and briefly told of the good
that had been accomplished in Los
Angeles through the efforts of Mr.
Murphy, and how he had gladly been
a supporter of the work.

In the five years since he came here,
Murphy has spoken somewhere almost
every night, and in almost every
church, hall and manufacturing estab-
lishment in the city; in the car-barns
of the street-railway, in surrounding
towns and practically every place where
which he has received a call. Thou-
sands of men have signed the pledge,
and Francis Murphy reforms have
been accomplished.

Murphy did not talk about any of
these things last night. He allowed a
number of men who have been re-
deemed through his efforts, to talk
about what had been done for them-
selves, but as for Murphy, he talked
about his "sweet little mother," and
the love and sympathy she taught him
to have for others. He admonished
his hearers to be faithful to themselves
and to take an interest in others about
them, while so many have been
held. He again expressed the belief that
after a few months' vacation his sight
will be restored and he will take up
the work again.

Mrs. Murphy was called for and was
received with flattering applause. She
told how she has tried to stand solidly
by her husband in his efforts to win men, and
to save them from the clutches of the
devil. She said that she has been
aided in this way. She declared that
Los Angeles is their home and
that they will stay here as long as
they can.

There was a splendid musical pro-
gramme, songs being sung by Lillian
and Annie Schell, Mrs. Samuel
Todd, Mrs. Wayland Trask, Mrs.
James and Miss Stevens. Mr. and
Mrs. Parker sang two numbers, which
were specially pleasing to the audience.

Miss Alice Ferris recited the story
of a little Alger girl, who, having
succeeded in getting a single nickel by
her pleas of hunger, insisted upon giv-
ing it to a child young fellow who
had told her that he had been hungry
for three days. Her act was witnessed
by the man who had grudgingly given
her the nickel; his heart was touched,
and the little girl's nickel instantly
returned to her a thousand-fold.

The story was splendidly told, and as it
was the very foundation of Murphy's great
temperance meetings, it practically be-
came the theme of the meeting.

The Murphy prayer meeting will be
continued for the present, at the home
of Mr. and Mrs. Murphy, each Thurs-
day evening.

**A RELIABLE SPRING
MEDICINE**

"At this season of the year there
is hardly a man, woman or child in
Los Angeles who does not need a
medicine to purify and enrich the
blood, to induce an appetite, to pro-
mote digestion and create strength,
and we are safe in saying we have
never sold anything in our store equal
to Vinol for this purpose."

This new way of administering the
medicinal properties of cod liver oil
has wrought a wonderful change in
the field of medicine. There is no
need to take greasy cod liver oil,
emulsions or drugs to purify and en-
rich the blood and create health and
strength, for we guarantee that pure,
simple and delicious cod liver and iron
preparation, Vinol, will do it, on your
money will be returned.

Mrs. Rose Lavigne, of Burlington,
Vt., writes: "Vinol is the best spring
medicine I have ever used; it creates
an appetite, purifies the blood and
restores the system. I feel like a new
man."

Said a member of the Owl Drug
Co.: "We could go on quoting from
hundreds of such letters, but simply
ask the people of Los Angeles to try
Vinol this spring, and our guarantee to
return money if they are not benefit-
ed."

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

BETTER FIRE PROTECTION.

NORTH PASADENA WILL FINALLY HAVE ENGINE-HOUSE.

Beam in Home Building Expected to Follow—Arrested for Selling Mortgaged Property, Heber May Satisfy Many Pasadena Churches Are Growing Fast.

Office of The Times, No. 21 & Raymond Ave., PASADENA, April 20.—The long-promised fire engine-house for North Pasadena will soon be an established fact. The permit for the erection of the building has been taken out and before long the structure will be begun. The house will be located on Dakota street at the corner of Mainway avenue, and will be modern in every respect.

With the installation of a fire company in North Pasadena it is anticipated that building and other improvements will be noticeably affected. Although building work has been lively for the past year, there has been more or less uneasiness in some quarters owing to the fact that the city is practically without protection. It is thought that the presence of a company will restore confidence, however, and will make people more inclined to invest their money in houses.

TRIOBLE FOR HEBER.

T. L. Heber, who was arrested on Los Angeles Friday night on a charge of "selling mortgaged property," will have his hearing before Judge McDonald this afternoon at 2:30 o'clock. The prosecuting witnesses in the case are the officials of the Cooperative Loan Association of Pasadena. According to the complaint Heber is charged with having mortgaged his goods to the association and then having sold them without first liquidating his indebtedness, or securing a release of the mortgage.

Heber was formerly engaged in business in Pasadena, having conducted a store on North Oak street. He bore a good reputation and was considered a substantial man in the community. He made many friends while engaged in business here and the news of the predicament into which he has gotten himself has come as a surprise. It is thought that an effort will be made to reach a settlement and thus discharge the official of the association to drop the prosecution.

GROWING MISSION.

The Episcopal Mission which All Saints Church has established in East Pasadena is flourishing greatly and it may be long before a full-fledged parish is established there. Since the founding of the mission the attendance has been good and the church has been necessary to hold the services.

Yesterday afternoon the Rev. William MacCormack, rector of All Saints Church, delivered the sermon. The members of the little congregation were enthusiastic over the outlook and feel certain that within a short time this little body will be able to present its own organization and conduct a full-fledged parochial church. For the present, however, the clergy of All Saints' church, the Rev. Mr. MacCormack, is conducting the services in the office of the church in the community center.

DEBATE POSTPONED.

The debate between the Garfield and Madison Grammar Schools, which was to have been held last Friday night, will be held this coming Friday. A postponement was necessitated owing to the many important events which transpired during the past week. The members of the debating teams of the two schools are making good use of the extra time in preparation and the debate will undoubtedly be one of the most interesting of the series.

The success of the grammar school debates has been a surprise even to the educators themselves. The pupils entered into the spirit of the thing with a determination that brought success and have readily given up the extra time required to prepare for the events. The coming debate will be the last in which the two schools will participate this year, as the near approach of the final examinations demands a close application to study from now on. The series of debates will be continued, however.

THEIR NEW HOME.

The new building of the First Presbyterian Church is rapidly nearing completion and the congregation will shortly move to its new home. Last night the Rev. Malcolm McLeod preached what he announced would be his last sermon in the old building and the members of the church took a final farewell of what has been their home for many years.

The new church building is one of the finest ecclesiastical structures in Southern California. In every particular it is the new building complete and the work of the church will be greatly facilitated by the additional room. The needs of the congregation were taken into consideration and the plans were drawn and the congregation believes that nothing has been overlooked that would be an advantage. The building is of artificial stone, the architecture being pure Gothic.

CHURCH DEDICATED.

In the presence of a large assemblage of representatives of the various denominations of the new Lake Avenue Methodist Church were held yesterday evening. Gov. Buchtel of Colorado, who is also chancellor of the University of Denver and a minister of the Methodist church, delivered the dedicatory sermon. The address was a powerful one and was decidedly in season. "Friendship among churches" was the theme.

The congregation of the Lake Avenue Church has been generally congratulated on the new home of the organization. Contrasting the youth of the church the growth has been something phenomenal, and the pastors of other churches were on hand yesterday to offer their congratulations. At the morning service it was announced that \$10,000 would have to be raised. Five thousand was needed for the morning services and in the afternoon \$5000 more was secured.

WILL KEEP TROPHY.

In the most closely-contested meet ever held in Pasadena, the Wilson school track and field team carried off the silver cup Saturday afternoon in the grammar school field day. Washington and the Wilson grammar school followed a close second, the final scores being, Wilson, 53; Throop, 32; and Washington, 11. The other schools then followed with lesser scores.

Yesterday's victory being the second consecutive one for the Wilson school, the handsome silver cup offered by the Y.M.C.A. because the property of the school. Nine thousand were represented in all and more than 100 athletes took part in the different events. The contest evoked great enthusiasm and the records of the gatekeepers showed that over 1500 people passed through the gates at Tournament

Delella and Doughnuts Will Be Equally Common in Long Beach This Evening—Pretty Girls in Charge of Fancy Booths—Citizens Object to Asphalt—News Notes.

LONG BEACH, April 20.—Monday is the opening day for the Elks' carnival and but a few finishing touches are needed to make the big auditorium into a fairland of beauty with colors and flowers. Indications are that the Inebriate who ventures within the enchanted circle and finds himself surrounded by pretty girls and demure matrons, will deem himself fortunate if he can escape with his mind and senses. Seductive and many are the plans devised to deprive him of his cash.

BLAZE QUICKLY OUT.

A fire in the basement of the residence of Dr. C. A. Hollstrom at 204 North Los Robles avenue called out the fire department yesterday afternoon. The men arrived in record time and soon had the blaze out. Only the chimney and roof were damaged. The fire was caused by the furnace. Some one had piled a lot of kindling wood near the furnace and when a fire started it leaped into the chimney and became a full-blown fire. Fortunately the flames were noticed before they had gained much headway and a call for the fire department was sent in over the telephone.

VALLEY HUNT CLUB.

The reception rooms at the Shakerbrook clubhouse were the scene of a spirited fray Saturday evening when sixty members of the Valley Hunt Club gathered for a social gathering. The club has been very successful in its efforts to raise money for the purchase of a new clubhouse. The members of the club are very enthusiastic over the outlook and feel certain that within a short time this little body will be able to present its own organization and conduct a full-fledged parochial church. For the present, however, the clergy of All Saints' church, the Rev. Mr. MacCormack, is conducting the services in the office of the church in the community center.

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the delicate organs.

Many thousands of women have realized this too late to save their health, hardly in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant struggle.

If a woman finds that her energies flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound

The great woman's remedy for woman's ills, made only of roots and herbs. It cures Female Complaints, such as Dragging Sensations, Weak Back, Pelling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Pains, Nervous Troubles, Exhaustion, and strengthens and tones the Stomach, Cures Headache, General Debility, Indigestion, and invigorates the whole female system. It is an excellent remedy for derangements of the Kidneys in either sex.

The flower booth will be in charge of Mrs. Carrie Day, assisted by Mrs. Jennie Alley, Mrs. Leontine, Miss Faust and six flower girls. Snow and ice cave, Mrs. W. J. Slater assisted by Mrs. W. G. Gollum and Mrs. C. H. Glenn.

WEEK'S PROGRAMME.

The official grand opening is scheduled for 8 o'clock Monday evening, and will be under the immediate supervision of Judge Henry A. Melvin, grand juror of the Elks, who makes a special trip to Long Beach for this purpose.

Prior to this there will be an exhibition drill by the Patriarch militant company of Los Angeles. Then the grand parade will be given by the Elks, with a band of music, and a float carrying the Elks' mascot, a lion.

ON A QUEER QUEST.

Harbor Master of Harborers Town Looking for Old Anchors, Nets, Bells and Buys.

VENICE, April 20.—H. R. Gray, whose title with the Abbot Kinney Company is that of harbor master, has gone to San Francisco on the scent of new attractions for the Venetian resort. When he returns it will not be until after the ship channel has been opened and the Venetian resort shall have been ransacked in the quest for ancient anchors, nets, bells and other paraphernalia of the Pacific Coast or Spanish-California shipping.

He will also secure gauges for measuring the wind, waves and water and thermometers, barometers and other devices for the conduct of a regulation government signal service. Station. These will be installed on the Windward-avenue pier. He will also endeavor to secure a bell buoy for anchorage just off shore, and if such a thing can be secured he will procure a warning buoy.

Angel Island will also be visited for the purpose of securing from the government a collection of old anchors, nets, bells and other paraphernalia of the Pacific Coast or Spanish-California shipping. The collection will be placed in a museum at the Venetian resort.

STILL IN THE RING.

Venice was thoroughly alive today. It was quick in recovering from the earthquake which the earthquake had brought about, and the Venetian resort was in a hurry to get back to work. The building is of artificial stone, the architecture being pure Gothic.

DEATH OF SENOR MARON.

Prominent Californian of Mexican Days Dies on His Ranch Near Duarte.

MONROVIA, April 20.—Local Mexican society and old Californians in the Southern part of the State are mourning the death of Jesus Maron, who died on his big ranch near Duarte early today. Mr. Maron was a native of San Diego and was 72 years old at the time of his death. For fifty years he has made his home on his Duarte ranch, and has been prominent in Mexican society here and in Los Angeles. In his younger days he was one of the most gallant vaqueros in the Southland.

NEWS AND BUSINESS.

Car Kills Horse.

A south-bound car of the Inter-Urban Railway Company collided with a sprinkling wagon at the corner of Eleventh and Boring streets yesterday morning. A horse was injured and had to be killed.

Laborer Killed.

An unidentified laborer was killed at Duarte yesterday by a Southern Pacific train. The man stepped in front of the locomotive. The body was brought to this city and taken to Breese Brothers' morgue.

Tells of Hold-up.

A. C. Nagle, who has offices in the Wilson Block, says he was held up last night at Ocean Park and brutally assaulted and robbed. A diamond ring and an Elks' pin were stolen, he claims. Thirty dollars, which he had in his pocket, was overlooked.

Falls from Street Car.

While alighting from a car at Fourth and Spring streets last night, Augusta Landell was thrown to the pavement and sustained bruises on the left arm and hip. She came home from Fresno and is staying at No. 928 South Olive street.

Sanitary Plant Damaged.

New York's Garbage Will Return to Its Old Haunts at Beach Resorts.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 23.—(Exclusive Dispatch.) Serious damage was done to the new plant of the New York Sanitary Utilization Company, at Barren Island today, by the undermining of two of the large buildings, causing a greater part of them to sink into the ocean. The damage, which is estimated at from \$75,000 to \$100,000, will be for many months by residents of neighboring summer resorts, as the company, by its loss, probably will be unable to dispose of the city garbage, as was planned, and will have to dump it at sea.

It is believed the damage was caused by the current from Jamaica Bay, which runs strong at that point, and which undermined the wharves until the buildings collapsed. About 150 feet of the pier was carried away and part of two new buildings. The larger one, which contained the steel tank digester, the compressors and other machinery for the disposal of garbage. One-third of the machinery was lost.

Funeral of Child.

The remains of Betsy Jane Macginnis, little daughter of Mr. and Mrs. Frank A. Macginnis, of Kansas City, were interred yesterday in Hollywood Cemetery after services at the Baptist Church. This child, who was 2½ years old, was a grandchild of A. P. Macginnis, land agent of the Santa Fe railroad, and of Isaac Collins of Santa Ana. She died in Kansas City last week, the body arriving here yesterday morning. Many floral tributes were presented by family friends here and from cities in the East. Rev. Hugh K. Walker conducted the services.

BREVITIES.

An exhibition of the paintings of William Keith of San Francisco is now on view in the Blanchard art gallery, 233 South Broadway, under the personal charge of W. K. Vickery, of Vicksburg, Ark., and Torrey. The many friends of Mr. Keith, living in Los Angeles and Southern California generally, will be glad of this opportunity of seeing some of the best pictures the artist has ever painted. Visitors will be welcome. You will never again have the chance to buy jewelry and hand bags at the prices we are now offering them at. Our loans expire soon and we can't renew it. Others got ahead of us. We need the money and must turn these goods into cash at once. J. C. Fleming, 441 S. Broadway.

Man Steps in Front of Electric-Associated Charities' Card in Coat Pocket.

D. A. Lake, who lived at Aliso and Anderson streets, was struck and killed by Pacific Electric car No. 422, last night at Aliso and Anderson streets. Witnesses say he stepped directly in front of the car.

The body was sent to Breese Brothers' morgue.

A card in the pocket of Lake's coat was an order from the Associated Charities for treatment at the County Hospital.

BLEACHERS COLLAPSE.

Ball Game Ends in Accident Which Kills One Boy and Injures Another.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 23.—(Exclusive Dispatch.) One boy was killed, the right leg of another was broken and many other persons were slightly injured by the collapse of the bleachers in the right field of St. John's Oval in Jersey city this afternoon. The accident happened at the start of a game of baseball between St. John's Roman Catholic parish and the Chatham club, champions of the Lackawanna League. It ended the game.

More than 200 persons were in the

right-field bleachers when the game was started. Only three bleachers had been pitched when the sound of cracking timbers was heard, and the bleachers were seen to slide, lengthwise, toward the grand stand, and flatten out. The top row of seats was six feet above ground and the spectators were piled in a heap.

TO TEST SUBMARINES.

NEWPORT (R. I.) April 23.—A novel test to determine how to expend \$3,000,000 appropriated by Congress for purchasing submarine boats for use in the navy will be commenced at Newport, R. I., on Tuesday. The boat Octopus and the Simon Lake boat will take part in the contest, which is intended to determine which is the more available type for the navy. Tests for speed, quickness at diving and ability to dive deeply will be made.

WOMEN THREATEN BOYCOTT.

Ontario Butchers Won't Deliver Meat and Housewives May Patronize Upland Shops.

The housewives of the town of Ontario have given the signal for a general uprising against the unfeeling butchers. They threaten a boycott.

It appears that the butchers of Ontario have decided that delivering

meat costs too much money. They hereafter will deliver no meat.

Walls from Ontario.

"My husband has to go to work at 7 o'clock in the morning and he hasn't time to go to the butcher shop before that. He doesn't quit work in time to rush to the butcher shop before 8 a.m. Do we starve?"

Some of the Ontario women in revenge have threatened to boycott the Ontario butchers. Above Ontario is the town of Upland where also there are butchers. These Ontario women threaten to patronize until the proud butchers of Ontario come to terms.

CAR KILLS HIM.

Man Steps in Front of Electric-Associated Charities' Card in Coat Pocket.

D. A. Lake, who lived at Aliso and Anderson streets, was struck and killed by Pacific Electric car No. 422, last night at Aliso and Anderson streets. Witnesses say he stepped directly in front of the car.

The body was sent to Breese Brothers' morgue.

A card in the pocket of Lake's coat was an order from the Associated Charities for treatment at the County Hospital.

BLEACHERS COLLAPSE.

Ball Game Ends in Accident Which Kills One Boy and Injures Another.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 23.—(Exclusive Dispatch.) One boy was killed, the right leg of another was broken and many other persons were slightly injured by the collapse of the bleachers in the right field of St. John's Oval in Jersey city this afternoon. The accident happened at the start of a game of baseball between St. John's Roman Catholic parish and the Chatham club, champions of the Lackawanna League. It ended the game.

More than 200 persons were in the

right-field bleachers when the game was started. Only three bleachers had been pitched when the sound of cracking timbers was heard, and the bleachers were seen to slide, lengthwise, toward the grand stand, and flatten out. The top row of seats was six feet above ground and the spectators were piled in a heap.

TO TEST SUBMARINES.

NEWPORT (R. I.) April 23.—A novel test to determine how to expend \$3,000,000 appropriated by Congress for purchasing submarine boats for use in the navy will be commenced at Newport, R. I., on Tuesday. The boat Octopus and the Simon Lake boat will take part in the contest, which is intended to determine which is the more available type for the navy. Tests for speed, quickness at diving and ability to dive deeply will be made.
